23. Environmental Attributes
Trendway Corporation is committed to promoting sustainable work environments and business practices which balance sound economics, environmental protection, and social responsibility by incorporating the impetus of the Sustainability Guidelines of the Business and Institutional Furniture Manufacturers Association International (BIFMA) into our practices. All Trendway Systems and Architectural Wall products are certified at LEVEL 2. We also commit to reporting our progress in the following key areas: Materials use reduction, reuse and recycling; Energy use reduction and reuse; Waste reduction, reuse and recycling; and, VOC and Greenhouse Gas Emissions reduction. We off set our carbon footprint through the purchase of Renewable Energy Credits (REC) and are a 100% Renewable Electricity Company. We voluntarily participate in the global Carbon Disclosure Initiative (CDI), a project aimed at greater transparency around the greenhouse gas emissions of large corporations. Trendway is designated a hazardous waste "Very Small Quantity Generator" (VSQG) — the best rating a manufacturer like us can achieve. Trendway has also achieved the designation to CESQG (Conditionally Exempt Small Quantity Generator) status from the EPA. For a full Sustainability Report, please visit Trendway.com/sustainability.
