48 hour shipping program

ESI offers 48 hour shipping on the majority of products. Unless otherwise requested, these products are shipped from multiple shipping points throughout the U.S., within two business days of receiving the PO, depending on quantity ordered and available inventory. Orders that include products with longer lead times including special orders, custom products, or worksurface orders, are designated as "LT" (lead time) and therefore not included in the 48 hour ship program. Large orders may also require additional lead time. Products designated as LT could take up to 90 days ARO for delivery. Call for on-hand availability.

Please note:

- 1. For the order to qualify for 48 hour shipping, all products on the PO must be available under the 48 hour shipping program.
- 2. POs that include LT designated products will be shipped based on the lead time of the LT designated products unless otherwise requested.
- 3. 48 hour orders will be shipped out within two business days unless otherwise specified on the PO.
- 4. Worksurfaces, Motific, Centro, and Railway may arrive on a date different than the other items on the order.
